

The Park West School Division Board follows an annual planning cycle. This cycle represents key activities and processes regarding planning, consultation and reporting for the division strategic direction. The Board's annual planning cycle reflects the 4 year strategic plan.

The Division's yearly priorities reflect the strategic plan and are identified through a consultation process involving stakeholders including but not limited to: Parent Advisory Councils, Students, Principals, Municipality Reps, First Nation Reps, and Business Leaders. A review of the strategic plan will be conducted after year two.

The following diagram summarized the planning cycle:
