

School Bus Loading Zone Plans

Supervision of student loading and unloading on school grounds is an important part of the school bus transportation process. There is a potential for serious injury or fatality if a student should fall (or be pushed) under a bus while the bus arrives at or leaves the school, so supervision during loading or unloading on school grounds is required.

The Public Schools Act (C.C.S.M. c. P250) School Buses Regulation 465/88R lists the responsibilities for principals concerning student loading and unloading at school as follows:

THE PUBLIC SCHOOLS ACT (C.C.S.M. c. P250) Regulation 465/88R
School Buses Regulation

Loading and unloading

14(1) Subject to the approval of the school board, the principal of the school shall

- (a) prepare a plan for loading and unloading the school bus;*
- (b) designate a loading and unloading zone on or adjacent to the school grounds; and*
- (c) supervise or assign a responsible person to supervise the loading and unloading of the school*

The school plan for loading and unloading school buses will specify:

1. The location for a loading / unloading zone on or adjacent to school grounds
2. The times when supervision is present for loading and unloading
3. The number of supervisors and the location for the supervisor(s) in this zone.
The supervisor(s) should be in a position where each supervisor:
 - a. Has a clear view of all buses under his/her charge
 - b. Is visible to, and able to quickly communicate with, school bus drivers at all times.
4. Other special instructions concerning the loading zone.

Unloading – General Instructions

1. The supervisor(s) is/are expected to be on duty just prior to the buses arriving. Supervisor(s) may watch for the arrival of the first bus from inside the school, but must be in position when the bus has entered the loading zone.

3. Unload only one bus at a time, even if two or more are present. Bus Drivers are not to unload students until a supervisor is present.
4. The supervisor(s) is/are to stay clear of the bus's path, maintain the designated location, and ensure that students exit the bus leading directly away from the entrance door to a safe area.
5. Watch for pushing or shoving. Report any misconduct in the loading zone to the principal or designate.
6. Once the driver indicates the bus is empty, scan under the bus. Be sure to look at the bottom of all six wheels.
7. Direct the school bus driver to proceed when it is clear and safe to do so.
 - a. Give the driver the thumbs-up sign to indicate "All clear".
 - b. If not, put both hands out, palms toward the driver, in a "Stop – Do Not Move" sign.
8. Watch the bus until it leaves the loading zone.
