

COVID Notification Major Pratt School - May 20, 2021

On May 17, we reported that Major Pratt School had a confirmed student case of COVID. Given that the student had not been in attendance since May 7, Public Health advised that there appeared to be no risk of school transmission. Following further investigation, Public Health has now identified two students as close contacts. They are now isolating as are three family members (two students and one staff member).
