

Student Teachers

The Park West School Division in recognition of both its responsibility to assist in the improvement of the quality of teacher training and the contribution student teachers can make to the instructional process, encourages its administration and teachers to cooperate with the Manitoba teacher training institutions, and authorizes the placement of student teachers in the Park West School Division schools.

The Board welcomes student teachers or other teachers in training, to observe and/or assist in the teaching process in the division under the supervision of a cooperating teacher or administrator.
