Topic: **Executive Summary of the December 10 Regular Board Meeting**

1. Divisional maintenance supervisor Rodney Snow provided an update of work that has been happening since the beginning of the school year. One highlight was the upgrading of windows in several schools. The Division accessed \$81,000 in federal funding through the Climate Action Initiative Fund for these window upgrades.
2. The Secretary-Treasurer has been preparing for and attending the Park West School Division Foundation's Annual General meeting, and the Park West Fibre Optics Co-op's monthly meeting, and various COVID related meetings.
3. The Board updated Procedural By-Law 6.4 which will allow for greater responsiveness to public delegations.
4. Several high school Math courses are being delivered as part of our distributed learning framework. There will likely be an online French course second semester for divisional students.
5. The next regular meeting of the Board is scheduled for Thursday, January 14.
