PARK WEST SCHOOL DIVISION

October 6, 2021

To All Miniota School Parents, Students and Staff

Due to concerns regarding the steadily increasing positive covid cases, and their associated close contacts, Public Health has placed all Kindergarten to Grade 8 students in Miniota School into remote learning. The school will not be open for in-class learning during this time. This will take effect starting tomorrow, October 7th and will continue until Saturday, October 16th. Students will return to in-school classes on Monday, October 18th.

Anyone who has received a close contact letter, please follow the information and dates in those letters provided by Public Health. They provide specific details, protocols and timelines for the positive case that relates to you. If you received more than one close contact letter, please make sure to isolate according to the latest date provided. Contact Public Health if you have any questions about that.

Teachers will be connecting with all the students in their respective classrooms to explain how remote learning will look during this time. We ask that all students engage in the lessons and activities created by their teachers so we can all continue to move forward together during this time. Please connect with your teachers if you have any questions.

Finally, I ask that you continue to communicate any new information about covid tests and results over the course of these next 11 days. It will be important that we continue to track cases so we can make an informed decision at the end of this remote learning period.

Thank you, take care and stay healthy.
