October 26, 2021

To Staff, Students, Parents, and Guardians of Major Pratt,

We just received notification that a Grade 1 at Major Pratt School has a confirmed case of COVID. Given that the student was not in attendance during the communicable period, Public Health has advised that there is no risk of school transmission. No contact tracing is required and there is no risk to students or staff.

This brings us to 3 total cases reported for our school in the last week, including students in Grades 1, 1/2, and 12. Only the student in Grade 1/2 was in attendance during their communicable period.

As a continued reminder, if your child develops symptoms, even if mild, they are to be isolated from others and you are advised to call Health Links at 1-888-315-9257. Public Health also recommends that for anyone who is symptomatic or has a symptomatic household member, the entire household needs to self-isolate.

As always, if you have any questions or concerns, please feel free to contact the school.

Sincerely,

A handwritten signature in black ink, appearing to read 'McCulloch', written over a large, stylized flourish.

Mrs McCulloch
Principal
