

Student Automobile Use and Parking

Parking on school property is a courtesy extended to students and others by the Park West School Division Board of Trustees. This courtesy is extended on the understanding that drivers will be prudent and respectful of rules established by the school administration.

Students using automobiles for transportation to and from school shall park them in the assigned parking lot.

During the school day, automobiles are expected to remain in the parking lot unless permission for use is granted by the principal. This permission may be granted to students whose parents provide the school a signed permission form to indicate their approval.

The Park West School Division shall assume no responsibility for damage to cars or for theft of cars or articles from cars.

Vehicles on school parking lots may be subject to search. Refusal by a student, parent/guardian, or owner of the vehicle to allow access to a motor vehicle on school premises at the time of a request to search the vehicle shall be cause for termination without further notice of the privilege of bringing a vehicle on to school premises.

Permission to park on school property may be rescinded by the administration for any person who does not observe the regulations.
