

May I Attend School or Work After Travel?

NOTE - Public Health continues to recommend against non-essential travel.

INTERPROVINCIAL TRAVEL

✓ - Fully vaccinated travellers:

Asymptomatic, fully vaccinated individuals do not need to quarantine upon arrival in Manitoba and can attend school or work.

✓ - Children under 12 travelling with fully vaccinated individuals:

Children under 12 travelling with fully vaccinated individuals are not required to quarantine and can attend school if they are asymptomatic and all eligible individuals they are travelling with are fully vaccinated.

X - Children under 12 travelling with individuals who are not fully vaccinated:

If children under 12 are travelling with someone who is eligible but not fully vaccinated, the children must quarantine for 14 days upon arrival back in the province.

X - Unvaccinated travelers:

Unvaccinated individuals aged 12 and over must quarantine for 14 days upon arrival in Manitoba.

INTERNATIONAL TRAVEL (including the United States)

✓ - Fully vaccinated travellers:

Asymptomatic, fully vaccinated individuals do not need to quarantine upon arrival in Canada and can attend school or work. They may be required to isolate while awaiting test results.

X - Children under 12 travelling with fully vaccinated individuals:

Unvaccinated children under 12 travelling with fully vaccinated individuals do not need to quarantine, but must follow enhanced public health measures, including not attending school or daycare for 14 days upon arrival in Canada.

X - Children under 12 travelling with individuals who are not fully vaccinated:

If children under 12 are travelling with someone who is eligible but not fully vaccinated, the children must quarantine for 14 days upon arrival in Canada.

X - Unvaccinated travellers:

Unvaccinated individuals aged 12 and over must quarantine for 14 days upon arrival in Canada.

IMPORTANT UPDATE: The Federal government is recommending that there be no non-essential travel. Additionally, all air travelers coming from outside Canada, with the exception of the United States, will now need to be tested at the airport when they land in Canada, on top of the existing pre-departure test requirement. Those who are vaccinated will have to isolate until they get a negative result, and those who are unvaccinated will continue to have to isolate for the full 14-days and test on day one and day eight of their quarantine.
