

**Topic: COVID-19 Notification *COVID School Notification - May 9, 2021***

Strathclair School has a staff member who tested positive for COVID. After a contact tracing investigation today, Public Health has advised that there is no risk of school transmission.

Hamiota Collegiate has a student who tested positive for COVID. Public Health will not be able to complete the investigation into close contacts today. Consequently, we will have two classes of students isolating for tomorrow Monday, May 10.

**Update: COVID-19 Notification *COVID School Notification - May 11, 2021***

Yesterday we reported a confirmed case of COVID19 at Hamiota Collegiate. This positive individual is a student. Today, Public Health completed their investigation and have identified 43 close contacts, including 41 students (36 Hamiota Collegiate and 5 Hamiota Elementary) and 3 staff members from the Collegiate. These individuals as well as 34 other students who are family members of the close contacts have been directed to self-isolate. The 34 family members include 13 students from Hamiota Elementary and 21 from Hamiota Collegiate.
