Topic:            **Respect for Gender Diversity**

---

Park West School Division recognizes that the underlying principle of human rights is the recognition of the individual worth and dignity of every person. The education system in Manitoba is committed to fair and equitable participation and benefit by all people. Park West is committed to providing a safe and inclusive learning environment for all students and staff. We embrace gender diversity and recognize the unique experiences and identities of our 2SLGBTQIA+ students and families. We believe that members of our school community have the right to access diverse perspectives and ideas. This includes books and resources that allow all people to see themselves as valued and respected members of society. We want our students to develop critical thinking, empathy, and understanding, and we encourage them to explore and express their identities and ideas in a supportive and respectful environment.
